ANNEXATION SCHEME

President McKinley Sends the Hawaiian Treaty to the Senate.

OPPOSITION TO THE MEASURE.

Senator White Prepared to Stay all Summer to Prevent its Ratification—Hawaii Cedes all Rights and the United States Assumes the Island's Debt to a Certain Extent.

WASHINGTON, June 17.—The treaty for the annexation of the Hawaiian islands reached the senate chamber at 5 o'clock yesterday. The senate at once went into executive session and as soon as the doors were closed the message of President McKinley accompanying the treaty and the treaty itself were read to the senate. They were attentively listened to. In one part of the chamber there was a group of senators who will bitterly oppose the ratification of the treaty. Among them were Senators Gray, Mills, Pasco, White, Caffery, Pettigrew and McEnery. As soon as the reading of the documents was completed Senator Davis, chairman of the committee on foreign relations, moved that the message and treaty be made public. Senator Gray objected to a vote on the motion and under the rules, a single objection carried the motion over until today. Senator Davis gave notice that at the next executive session he would press the motion for publication as all the essential facts and almost verbatim copy of the treaty had been published in the press of the country.

There was some discussion as to when the treaty might be considered, and Senator White asked if it was the intention to push it at this session and, upon the reply being made that it was possible, the California senator said: "I desire to announce that I am prepared to stay here all summer to prevent the ratification which I consider a very bad proposition."

The message of the president was not a very long document. It dealt with historical facts concerning the island and showed that the United States and Hawaii yearly grow more closely bound to each other. This was not really annexation, he said, but a continuation of existing relations with closer bonds between people closely related by blood and kindred ties. Since 1820, said the president, the predominance of the United States has been known. The sending of the first envoy there brought the islands in closer relations with the United States, and those relations had grown more firm by succeeding events. The annexation of the islands, said the president, and making them a part of the United States was in accordance with the established policy of this country.

The treaty proved to be a simple document of six articles based in its essential details upon the treaty negotiated by Hon. John W. Foster during the administration of President Harrison. The islands are ceded practically without conditions leaving the United States to pursue its own course with reference to their management. The first article reads as follows:

The government of the Hawaiian islands hereby cedes, from the date of the execution of the ratifications of this treaty, absolute and without reserve to the United States forever all rights of sovereignty of whatsoever kind in and over the Hawaiian islands and their dependencies, renouncing in favor of the United States every sovereign right of which, as an independent nation, it is now possessed; and, henceforth, said Hawaiian islands shall become and be an integral part of the territory of the United States.

The Hawaiian government cedes to the United States the absolute ownership of all the public lands, public buildings, ports, harbors, fortifications, military and naval equipments and all other government property. It is specifically provided, however, that the existing land laws of the United States shall not apply to the public lands of Hawaii, but that special laws shall be made from time to time for their disposition, the proceeds of any sales of these lands to be applied to educational purposes in the island. This country agrees to assume the debt of the island republic to the extent of \$4,000,000.

GOES TO SPAIN.

Stewart L. Woodford of New York Nominated as Minister.

WASHINGTON, June 17.—The president has nominated Stewart L. Woodford of New York to be minister to Spain.

Stewart L. Woodford, the newly appointed minister to Spain, was born in this city on Sept. 3, 1855, and is descended from early settlers of Connecticut. He was admitted to the bar in 1877 and entered politics in the first Lincoln campaign in 1860. Lincoln offered him the judgeship of the territory of Nebraska, but he declined it. Later he became assistant United States district attorney of New York and prosecuted the cases growing out of the blockade.

He resigned to enter the army as a volunteer in Company H, 127th New York volunteers. He was made captain and served till 1864 in Virginia, South Carolina and the District of Columbia. He was judge advocate general of the department of the south, provost marshal general and chief of staff of General Gilmore.

In the fall of 1865 he was nominated for judge of the common pleas court in this city, though he lived in Brooklyn. In 1869 he was elected lieutenant governor on the ticket with Governor Fenton. He presided over the Grant electoral college of the state in 1872 and defeated W. W. Goodrich for congress the same year.

General Woodford was the unsuccessful candidate for governor against John T. Hoffman, and in 1876 he was a candidate in the Republican national convention for vice president, receiving 60 votes.

Wealthy Tennessean Beat With a Hammer and His Money Stolen.

ST. LOUIS, June 17.—C. D. Collins, a wealthy Tennessean, was lured to his probable death here by a man whom he had known since his boyhood, and with whom he has been on terms of intimate friendship for six years. His assailant is Martin Ensley of Memphis.

Ensley induced his companion to visit Merimac Highlands, a summer resort 15 miles from here. On the plea of illness he led him to a clump of bushes about 75 yards from the hotel. There, stepping behind his victim, he dealt him blow after blow on the head with a hammer.

Stepping over the prostrate body Ensley tore from a vest pocket a roll of bills amounting to \$6,000. He stepped outside the bushes and handed the money to an accomplice. Then the would-be murderer ran down a path leading to the Merimac river. He afterward returned to the hotel with another party, claiming that he and his friend had been assaulted and robbed. Ensley was immediately arrested and taken before his victim who recognized him. He was then taken to jail.

The district is profusely bedecked with flags and bunting. The chief events today were the carnival parade and the presentation of the bronze statue of Victory to the battleship Massachusetts by Governor Wolcott on behalf of the commonwealth.

Journal Des Debats.

PARIS, June 17.—The Journal Des Debats, commenting yesterday on the Hawaiian annexation treaty, says: "Only Great Britain and Japan have enough interest in Hawaii to oppose its annexation, especially Great Britain. In these times of imperial unity there will probably be lively regret at seeing the American republic installed in an important position in the space between Canada and Australia. Japan is not in a position to oppose American ambitions."

ST. PAUL, June 17.—A blow was dealt yesterday by the Soo line and Canadian Pacific railways to their American competitors which is calculated to cause great demoralization and complications in passenger affairs. VICTORIA IS BLIND

Her Sad Affliction Announced to the Public.

HOPED TO KEEP THE NEWS BACK

Announcement Was Made on Authority of the Royal Physicians—The Trouble Is of Recent Culmination—Will Not Ride Alone in the Jubilee Procession and Will Be Unable to Respond to Greetings.

LONDON, June 17.—The whole aspect of the coming jubilee has been suddenly changed by the painful information which comes from a source that makes it impossible to doubt its accuracy.

It is announced on the authority of one of the royal physicians attendant upon her majesty that "the queen is almost totally blind." No details of the sad news are yet available beyond the

QUEEN VICTORIA.

fact that the affliction is a recent culmination, though it had for some time been threatened.

If the cause of her majesty's blindness is cataract, which is the commonest form of impaired sight in advanced age, it, of course, is possible to cure it by a simple and delicate operation. No information is yet vouchsafed on this point. In fact, it was hoped that the pitiful truth that the aged queen would be unable to see the millions of her subjects who will pay homage to her next Tuesday would be withheld from their knowledge until after the jubilee.

This is the reason why she will not ride alone in the procession, and why she will not leave her carriage at the services to be held at St. Paul's cathedral Tuesday, and it is semi-officially announced that she will be unable to respond to the greetings that will be extended to her along the line of the royal procession. It also explains, possibly, the recent revival of the gossip of a regency under the Prince of Wales in the near future.

TOOK HER DAUGHTER'S PLACE.

Mrs. Berry Elopes With Man Who Intended Marrying Her Daughter.

GREENUP, Ky., June 17.—Johnson Whitley, a prosperous farmer of 30 and a widower, courted Matilda Berry, 18 years old, notwithstanding the objections of the mother, who was a widow. An elopement was planned and Mrs. Berry learned of it. She bound and gagged her daughter, then went to her daughter's window and answered Mr. Whitley's summons. He put her in a buggy and drove several miles to a minister. During the ride Whitley tried to converse with his son to be bride, but she would only cry and cling to his arm. Arrived at the minister's house, they were married on the porch in the dark. Then his bride threw back her veil and he discovered he had married the mother instead of the daughter. He has decided to make the best of it.

GEORGIA BANKERS.

Want the Finances Eliminated From Politics.

WARM SPRINGS, Ga., June 17.—The Georgia Bankers' association convened.

Ill-health is more frequently the result of the "love's young dream" than anything else in the wide world. A young woman need not hope to make a husband happy if she suffers from weakness and disease of the organs distinctly feminine in name and the train of evils that result.

The average obscure doctor, when a young wife complains of being nervous, fretful, despondent and troubled with headaches, pains in the back and sides and abdomen and "shooting pains," attributes these bad feelings to stomach, liver or heart trouble. If by a lucky chance he hits upon the right cause, which is most frequently weakness or disease of the feminine organism, he will insist upon the offensive examinations and local treatment from which every modest woman shrinks.

When a woman suffers in this way she should consult, in person or by letter, some eminent physician who has the wisdom and experience to know that these troubles are easily cured by the right remedy, without offence to modesty. Dr. R. V. Pierce has been for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., one of the leading medical institutions in the world. Many thousands of women have used his "Favorite Prescription" who were physical wrecks and who are now happy wives with happy husbands. Honest druggists will not offer something else in place of the famous "Favorite Prescription."

"After having been married nine years, having good health generally, and six children, I consulted you in regard to my case," writes Mrs. Virginia A. Thornton, of Hallowell, Chatham County, Ga. "I received prompt reply, with directions for using your medicine, which I followed. After taking ten bottles of Dr. Pierce's Favorite Prescription, I happily found myself in an expectant state, and in due time gave birth to a fine baby girl. She is two years and a-half old now, and is healthy and fat."

Constipation? "Biliousness"? That means "danger ahead." Dr. Pierce's Pleasant Pellets are a sure cure.

here yesterday. Eighty members answered to their names. Several resolutions were brought up. The legislative committee suggested a new banking law, calculated to throw a greater safeguard around banking. It suggests that a fine of \$5,000 or not less than one year in the penitentiary be the penalty for receiving deposits in an insolvent bank. It proposes to give the state officers more authority. Many resolutions have been adopted, one to eliminate finances from politics and suggested that a committee of financiers be appointed who will decide the money question.

AMBUSHED THE SPANIARDS.

Cubans Have a Hand to Hand Fight With Government Troops.

HAVANA, via Key West, June 17.—A large force under General Quinlan Bandera, succeeded in destroying a body of Spanish near Sabana. General Bandera placed his men in ambush and then instructed five scouts to approach a fort where the Spanish were barricaded. The Spaniards fled from the fort in pursuit of the scouts, who fell back leading their pursuers into the heart of the Bandera's ambush. A hot fight ensued, first a cavalry, but finally hand to hand. General Bandera's men were negroes with machetes. Ten of the insurgents were killed and the entire pursuing party of the Spaniards.

At Alguiza, a town of 3,000 souls, 178 persons died last month from hunger and destitution. Joaquin Vargas, an American citizen, has been arrested at Remedios. He has retained Jose Pando as his counsel and the latter will make a protest if the authorities proceed to try Vargas by court martial.

BARNEY'S BROTHER.

Montreal Man Claims Relationship With the Late Diamond King.

MONTREAL, June 17.—Roland Israel Gideon Barnett, 96 St. Francois Xavier street, this city, claims to be a brother of the late Barney Barnett, the South African diamond king. Barnett states that Barnett's real name was Barney Isaac Albi Barnett and that he was one of four children, three boys and a girl, of whom Roland I. G. Barnett was the oldest. The father was a musician, a connoisseur of paintings and well known picture restorer and for years had charge of the estate of the old earl of Dudley. He gave his children a first rate education. Barney was educated at Heidelberg, and the reason he wore glasses was that he spoiled his eyes studying the strange German characters. Barney, Roland asserts, was never a circus performer. The brothers parted in anger in England, Barney going to Kimberly and Roland coming to America.

IMPORTANT DECISION.

Question Settled as to Who Should Pay \$581,000.

FRANKFORT, Ky., June 17.—The court of appeals has decided one branch of the old Fidelity National bank case of Cincinnati, involving \$581,000. The question was whether the creditors of the Fidelity bank or creditors of the Swift Iron and Steel works at Newport should have \$581,000 worth of the assets of the steelworks. The court decides that the steelworks drew the money from the bank by order of Harper, who was president of both and the creditors of the bank must look to Harper and his bondsmen and not to the steelworks for reimbursement.

The improvement may not be coming so rapidly as we would like, but it is coming with a solidity that will be the more enduring.

THE COUNTY SEAT CASE.

The Brownstown Banner learned just as it "was going to press" that the county commissioners had ordered an election for determining the question of relocating the Jackson county seat. The Banner may have such information but it is more than probable that the county seat question was still in the hands of the Scott county court when the Banner went to press. And until Judge New issues the mandamus the commissioners will have no authority to act in the matter. That will likely be done in a very few days, after which it will be time for the commissioners to act. Anything they do prior to that time is unauthorized.

THE JENNINGS COUNTY FREE SILVER STATESMAN AND NATIONAL BANKER, MR. OVERMYER, HAS WRITTEN ANOTHER PIECE.

He will probably not send this one to the Washington Post and other papers as he did his platform piece. He is quite anxious for the people to know that he is now a popocrat and that he affiliated with the republicans for years "on issues growing out of the civil war." As to his popocracy, judged politically, he is in line, but judged from his business interests and associations he is a bit inconsistent. As to his claim for acting with the republicans, the men who have known him for a third of a century will have opinions about the reasonableness of this statement.

THE COLUMBUS HERALD STILL MAINTAINS THAT THE DEMOCRATS DO NOT WANT FUSION WITH THE POPULISTS.

This statement is made the day before the populist convention. The Herald can make such a statement, but no one has heard of Candidate Griffith making so pointed a remark about the populist vote. The fact is he wants the votes of the populists and he wants them "mighty bad."

THE PRINCE OF WALES AT SHORT RANGE.

George W. Smalley will contribute an article on the "The Personal Side of the Prince of Wales" to the July Ladies Home Journal. It is said that Mr. Smalley gives a uniquely interesting close view of the Prince, touching in detail upon his great personal popularity in England, and the reasons therefor, his love of sports, his pastimes, his social duties and diversions, and showing him as an affectionate son, a devoted husband, a loving father and brother.

THE GREATEST NATION ON EARTH.

"The value of timber yearly cut in the United States is double that of the output of all our mines." "One third of the population of this country are church members." "It costs \$668.32 every minute during the year to run our government." "Uncle Sam's farms constitute one fifth of the national wealth." "Nearly one half of the 8,000,000 letters making up the world's annual mail, belong to the United States." These are but instances of the thousands of wonderful facts about every phase of the life and progress of our country, from an illustrated article on "The Greatest Nation on Earth," by William George Jordan, to appear in the July number of The Ladies' Home Journal. The article pictures, in a novel way, America's vast area; her matchless resources, boundless wealth, her marvelous development, and shows how the United States is the world.

But one day he contracted for the building of a large 3-story brick house, which has been fitted with plateglass windows, a hot air furnace and an elevator, and is covered with beautiful designs in slate. The walls were frescoed and decorated and the rooms were furnished with elegant carpets, costly mahogany furniture and exquisite draperies, but so far the owner has not lived therein. He now proposes to build a small cottage beside the mansion in which he and his wife will reside. His farm is poor and overgrown with shrubbery. Not Much Progress Toward a Settlement Being Made.

The manufacturers agreed to sign the present scale immediately but the workmen insisted upon the 15 per cent advance and said the manufacturers could advance the price of the plate to correspond, so foreign competition would not be a factor after the passage of the new tariff bill.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries, but their greatest achievement was made last year. It is a cordial that contains already digested food and is a digester of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the wasting of consumption.

There never has been such a step forward in the cure of indigestion as this Shaker Cordial. Your druggist will be glad to give you a little book descriptive of the product.

POPULISTS.

BROWDER TO LEAD THE FIGHT.

Convention at North Vernon today.—
The Party will make a Fight for
Themselves and let the Democrats
do the same thing.

The populists of the Fourth district
meet in delegate convention at North
Vernon today. They meet to nomi-
nate a candidate for congress, yet the
impression prevails with some that
they will endorse the candidacy of F.
M. Griffith, the democratic nominee.
Leading populists have been saying
from the beginning that they could only
maintain their party honor by having a
candidate of their own.

The democratic county chairman of
the district, with candidate Griffith and
Allen W. Clark, held a meeting at
North Vernon yesterday with the hope
of forestalling a populist nomination.
Just how successful they were will be
told in the result of today's proceed-
ings.

The Jackson county delegates are
Boone Thompson, Phillip Sparks, J. B.
Love and James Ruddick.

SPECIAL TO THE REPUBLICAN.

NORTH VERNON, Ind., June 17, (3.38 p.
m.)—The Fourth-district populists met
in delegate convention here today. All
the counties were fully represented.
John Q. A. Newsom, of Seymour, was
elected chairman and Perry McLean,
Deer Creek county, secretary. Roll of
counties called for nominations for
congress. Dr. U. M. Browder, of Greens-
burg, and Jasper N. Hughes, of Jelfer-
son county, were placed in nomination.
The vote was taken which showed 28
for Browder and 8 for Hughes. Browder
was declared the nominee.

Strong free silver and anti protective
resolutions were adopted.

The populist nominee for congress
U. M. Browder, lives at Greensburg.
He has taken an active part with the
populists for several years. He is said
to be a fluent speaker and a good
campaigner. In 1894 he resided in
Texas and made a race for congress on
the populist ticket against Congress-
man Bailey, the present democratic lead-
er in the lower house of congress, and
reduced the democratic majority of the
district about 15,000. A series of
joint debates between Bailey and
Browder were arranged. Of these joint
discussions only three were held. At
the third meeting Browder made things
so hot for Bailey that he became en-
raged and drew a dagger on his popu-
list rival.

The populists claim that their candi-
date will make a thorough canvass of
the district before Aug. 10.

\$100 Reward, \$100.
The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is catarrh. Hall's Catarrh Cure is
the only positive cure now known to
the medical fraternity. Catarrh being
a constitutional disease, requires a con-
stitutional treatment. Hall's Catarrh
Cure is taken internally, acting directly
upon the blood and mucous surfaces of
the system, thereby destroying the
foundation of the disease, and giving
the patient strength by building up the
constitution and assisting nature in do-
ing its work. The proprietors have so
much faith in its curative powers, that
they offer one hundred dollars for any
case that it fails to cure. Send for list

TRAIN WRECKERS FOILED.

Attempt to Wreck B. & O. S-W Early
Morning Train near Salem Ills.

An attempt was made near Salem Ill.
last night to hold up No. 6 on the B. &
O. S-W. due here at 4:25 a. m.
The sheriff heard of the plan through
one member of the gang who weaken-
ed and told the story last night.
He at once arranged with a posse of
men to capture the gang. After sur-
rounding the place they watched the
would-be robbers prepare for the
wreck. Two cross-ties were placed
endwise with one end between
the ties of the track and the
other end slanting upward, so that
when the engine struck them it would
run on to these ties and jump the track.
The men then retired from the place
to await the train's arrival. The sheriff
and his posse who had watched the
whole proceeding then surrounded and
captured the men. They resisted and
one of the wreckers, who proved to be
a cousin of the sheriff, was shot in the
back, perhaps fatally. The obstruc-
tions were removed and the train came
on safely.

demned engine.

closing public highways, and comply

The Daily and Weekly REPUBLICAN

Have no Equal for Advertising in Seymour or Jackson County.

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Read! Read! Read!

REASONS why you should read the Cincinnati Daily TIMES-STAR:

- It has the latest and most reliable foreign as well as domestic news.
- It has better financial and market reports and more special correspondence than any other Cincinnati newspaper.
- It contains twice as much news as any other paper sold at the same price.
- It is a family paper, and has the largest home circulation of any paper printed in the Ohio Valley.

Died.—James Brown died at his home 2 1/2 miles west of here June 11 1897, with heart disease. He had been in poor health for some time but his death was very shocking to the entire community, as he was loved and respected by all. He was born in Salt Creek township Feb. 28, 1834. He leaves a wife and three daughters. The remains were interred in the Houston cemetery.

Mr. Isaac Horner, proprietor of the Burton House, Burton, W. V., and one of the most widely known men in the state was cured of rheumatism after three years of suffering. He says: "I have not sufficient command of language to convey any idea of what I suffered, my physicians told me that nothing could be done for me and my friends were fully convinced that nothing but death would relieve me of my suffering. In June, 1894, Mr. Evans, then sales man for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their normal size and it seemed to me my leg would burst, but soon after I began using the Pain Balm the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured. HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.

POPULISTS.

BROWDER TO LEAD THE FIGHT.

Convention at North Vernon today.—The Party will make a Fight for Themselves and let the Democrats do the same thing.

The populists of the Fourth district meet in delegate convention at North Vernon today. They meet to nominate a candidate for congress, yet the impression prevails with some that they will indorse the candidacy of F. M. Griffith, the democratic nominee. Leading populists have been saying from the beginning that they could only maintain their party honor by having a candidate of their own.

The democratic county chairman of the district, with candidate Griffith, and Allen W. Clark, held a meeting at North Vernon yesterday with the hope of forestalling a populist nomination. Just how successful they were will be told in the result of today's proceedings.

The Jackson county delegates are Boone Thompson, Phillip Sparks, J. B. Love and James Ruddick.

SPECIAL TO THE REPUBLICAN.

NORTH VERNON, Ind., June 17, (3.38 p.m.)—The Fourth-district populists met in delegate convention here today. All the counties were fully represented. John Q. A. Newsom, of Seymour, was elected chairman and Perry McLain, Decatur county, secretary. Roll of counties called for nominations for congress. Dr. U. M. Browder, of Greensburg, and Jasper N. Hughes, of Jefferson county, were placed in nomination. The vote was taken which showed 28 for Browder and 8 for Hughes. Browder was declared the nominee.

Strong free silver and anti protective resolutions were adopted.

The populist nominee for congress U. M. Browder, lives at Greensburg. He has taken an active part with the populists for several years. He is said to be a fluent speaker and a good campaigner. In 1894 he resided in Texas and made a race for congress on the populist ticket against Congressman Bailey, the present democrat leader in the lower house of congress, and reduced the democratic majority of the district about 15,000. A series of joint debates between Bailey and Browder were arranged. Of these joint discussions only three were held. At the third meeting Browder made things so hot for Bailey that he became enraged and drew a dagger on his populist rival.

The populists claim that their candidate will make a thorough canvass of the district before Aug. 10.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but cure absolutely. It is all right, and anyone who tries it will find it so." For sale by C. W. TRAIN WRECKERS FOILED.

Attempt to Wreck B. & O. S-W Early Morning Train near Salem Ills.

An attempt was made near Salem Ill. last night to hold up No. 6 on the B. & O. S-W. due here at 4:25 a. m.

The sheriff heard of the plan through one member of the gang who weakened and told the story last night. He at once arranged with a posse of men to capture the gang. After surrounding the place they watched the would-be robbers prepare for the wreck. Two cross-ties were placed endwise with one end between the ties of the track and the other end slanting upward, so that when the engine struck them it would run on to these ties and jump the track. The men then retired from the place to await the train's arrival. The sheriff and his posse who had watched the whole proceeding then surrounded and captured the men. They resisted and one of the wreckers, who proved to be a cousin of the sheriff, was shot in the back, perhaps fatally. The obstructions were removed and the train came on safely.

A Wholesome Soap.

"Toilet soap, to be good, should be as wholesome as good. The skin is as sensitive as the stomach, and is as quickly affected by impure soap as the stomach is by unwholesome food. With this fact in view, Alpha Cox, the druggist, recently engaged one of the most reliable soap makers in the United States to prepare a special skin soap for his trade. The soap has been received at his pharmacy, and it proves to be all that the proprietor desired in an essential article of the toilet—a pure, perfumed soap, agreeable to the skin, and one which, having once been used will be used again, and cheerfully recommended to friends. When you are purchasing toilet requisites again, bear in mind Cox's Special Skin Soap. Ten cents a cake; 3 cakes in box, 25c. d1w1

\$9000 Damages.

Chas. A. Saltmarsh received a telegram this afternoon from Mrs. Mrs. Lizette Saltmarsh stating that a verdict of \$9,000 had been awarded against the Louisville and Nashville railroad for the killing of her brother, Frank Scott, near Rowland, Ky., one year ago yesterday. While the train was backing from Rowland Mr. Scott was standing with the conductor and brakeman on the rear platform of the train when it struck a cow at a crossing. The conductor and brakeman jumped on one side and Scott on the other where he was buried under the trucks of the car and instantly killed. The evidence showed that the train was running without signal lights and with a condemned engine.

Must Remove Noxious Weeds.

Farmers would do well to read the law passed by the last legislature in regard to the thistles, briars and other noxious weeds which are generally allowed to grow along the fences enclosing public highways, and comply with the requirements thereof. Beginning next July, from the first day of the month until August 20, every farmer is required to remove all these weeds along the highway or highways contiguous to his property. For each day so employed the farmer is allowed \$1.25, which amount will be credited upon the road taxes. In case the work is not done by August 20 the road supervisor is empowered to have the work done at the expense of the property owner.

"There's nouse in talking," says W. H. Broadwell, druggist, La Cygne, Kas., "Chamberlain's Colic, Cholera and Diarrhoea Remedy does the work. Candidly and conscientiously I can recommend it as the best thing on the market." The 25 and 50 cent sizes for sale by C. W. Milhous.

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

In June, 1894, Mr. Evans, then sales man for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. At this time my foot and limb were swollen to more than double their normal size and it seemed to me my leg would burst, but soon after I began using the Pain Balm the swelling began to decrease, the pain to leave, and now I consider that I am entirely cured. HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.
